Name   :   Wajiha Masood

Department   :   Computer and Cyber Sciences

Job Title   :   Teaching Assistant

Contact Mail ID :   w.khan@upm.edu.sa

Contact Number   :   -

I am a driven and detail-oriented cyber security professional with a Bachelor's degree in Cybersecurity and Forensic Computing, graduating with distinction. My skill set encompasses malware analysis, incident response, digital forensics, and the application of machine learning to enhance cybersecurity defenses. I have successfully led and contributed to projects that developed cutting-edge cybersecurity tools and fortified organizational security policies in alignment with globally recognized standards like ISO and NIST. My passion for continuous learning drives me to stay ahead of emerging threats, ensuring robust protection for digital assets. I excel in dynamic, collaborative environments, where I apply my technical expertise and innovative mindset to solve complex security challenges and make a lasting impact in the evolving field of cybersecurity.

Qualification   :

- BSc. Cyber Security and Forensic Computing

Research Interest :

- My research interests lie at the intersection of cybersecurity and emerging technologies, with a particular focus on the application of machine learning and artificial intelligence to enhance threat detection and response. I am passionate about exploring advanced malware analysis techniques, drone security, and the development of innovative security tools that address the evolving landscape of cyber threats.

Publications   :
